

PAY PHILA. POLICE MORE.

PHILADELPHIA, Dec. 14.—All policemen, from captains to patrolmen, are virtually assured of an increase in pay as a result of an ordinance introduced in common council by Chairman Gaffney at the request of Public Safety Director Wilson. The measure will require an extra outlay of \$1,132,045 by the city to pay the increased salaries.

REFORM BUREAU CONFERENCE.

A public meeting at the First Congregational Church this afternoon at 3 o'clock, and another tonight at 7:30, will mark the second day of the twenty-second annual conference of the International Reform Bureau that is being held here. Clinton N. Howard will speak at both meetings this afternoon on "The Triumphal March of Reform," and this evening on "Is This War Divine or Devilish?"

Any Sickness Leaves Weakness

Even a simple cold reduces your resistive powers to allow other sickness. Only food—not alcohol or drugs—creates the rich blood which distributes strength to the body, and the concentrated medicinal food in

SCOTT'S EMULSION

makes the blood rich and stimulates its circulation while its tonic virtue enlivens the appetite and aids nutrition to reestablish strength quickly and permanently. If you are rundown, anemic or nervous, get SCOTT'S. It builds because it is a food—not a stimulant.

JUDGE LINDSAY HERE
TO RUSH RED CROSS
MEMBERSHIP DRIVE

Added impetus has been given the Red Cross Christmas membership drive for 42,000 new members by the arrival in Washington today of Judge Ben Lindsay, of Denver. Judge Lindsay came to join the Red Cross forces for the Christmas drive. While here he will deliver a series of speeches and will later go to New York to aid in the drive in that city.

Business men, officials of the District, store managers and civic organizations are pushing the drive, it was announced today. Regardless of the crowded condition of the stores valuable space has been allotted the Red Cross for booths for the sale of memberships. The cordial co-operation of Washington's business men has been accorded, said Robert C. Howard today.

An official example for the District was set by Commissioner Louis P. Brownlow, when he gave permission to Mr. Howard to place a booth in the District building. The drive among employees and officials of the District government will be in charge of Dr. William C. Woodward.

Announcement was made today that Postmaster Merritt O. Chance will head the workers in the postoffice and Charles W. Stewart was today appointed chairman of the work in the Navy Department.

G. W. U. MEN ADVISED
TO AWAIT THE DRAFT

Technical students of draft age at George Washington University have been advised by Hossis Godfrey, chairman of the committee on engineering education of the Council of National Defense, not to enlist but wait until they are selected by the conscription process.

According to Mr. Godfrey, who has sent a formal communication to Rear Admiral Charles Herbert Stockton, U. S. N., retired, president of the university, Secretary of War Baker has authorized the statement that the drafted technical students will be placed in specialized ranks of the army, where their training will be upset. They will have as great opportunity under the draft as they would have should they enlist. The technical students are advised to secure a letter from President Stockton stating their special technical qualifications and to send that letter along with the questionnaires that soon are to be distributed.

She Has Millions,
Youth and Beauty,
But Has No Plans

NEW YORK, Dec. 14.—Will Edna May Lewishon with a fortune variously estimated at from \$5,000,000 to \$6,000,000 eventually return to the stage?

"It is absurd and ridiculous for me to even think of plans for the future at the present and as to discussing them that is out of the question," was the answer given this afternoon by the former star, who only a few years ago with her charming grace and dazzling beauty captivated the theater loving public of two continents.

However, Mrs. Lewishon did deny, through her sister, Miss Marguerite May, a report that only a part of the vast fortune of Oscar Lewishon, her husband, who died here December 4 after what was considered a slight operation, had been left to her.

Hence the romance that started in Philadelphia in 1908 at a dog show, when the young and dashing Oscar Lewishon paid \$2,000 for Lady Highball, a Boston terrier, because Miss May took a fancy to the little animal, has ended with Edna May still a young woman, retaining all her charm and beauty and with millions at her disposal.

WOMAN LAWYERS
WILL AID IN FIGHT
FOR VOTE IN D. C.

The Woman's Bar Association of the District will support the drive for representation in Congress for District citizens, it became known today following a meeting last night at the Washington College of Law.

Mrs. Ellen Spencer Mussey, president of the association, was appointed to the executive committee, composed of representatives from the organizations working for suffrage for the District. Miss Ida May Moyer was named alternate delegate.

Mrs. Mussey today proposed the name of Miss May Patterson, of New York, for admittance to practice before the Supreme Court.

LAWYER SUES NICARAGUA.

Charles A. Douglas, attorney, has entered suit against the Republic of Nicaragua for \$10,421.05 for professional services and traveling expenses. An attachment against a deposit of \$20,000 of the republic's money with the American Security and Trust Company was obtained by Mr. Douglas.

TABERNACLE SEATS
CAN BE RESERVED
BY GROUPS OF 25

Hurry, there! Get your reservations for the Billy Sunday tabernacle. Miss Florence Whitbeck, reservation secretary of the Sunday campaign, has announced that in Washington groups of more than twenty-five persons can get a reserved section all to themselves—if they will speak up.

For instance, the employees of any concern, by applying to Miss Whitbeck, may go to the tabernacle in a body and need not worry about seats. A place for them will be roped off. Schools may get reservations at times. Atlanta dispatches to The Times indicate that the reservation secretary is about the busiest person in the campaign in that city. Ministers, who are seated near the evangelist's platform, have given up their choice seats in order that those who wish may get closer to the speaker.

There will be more men in the force of ushers needed at the tabernacle than comprise whole congregations of many churches. Fifteen hundred men working in three shifts will seat the crowds at the tabernacle. Of this number 700 have been secured. The remaining 800 will be in line before opening day of the Sunday campaign, Sunday, January 6.

WANTS POLICE JOB BACK.

Claudius L. Burton, dismissed from the police force on a charge of assaulting two other policemen, E. S. Waller and Charles H. Stells, on February 19, 1916, has been granted a new trial by the Commissioners, and is today renewing his fight for reinstatement on the force. Burton was indicted by the grand jury for alleged assault and assault to kill, but was found not guilty at his trial.

You Can't Brush Or
Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky, and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

STATE COMMISSIONERS
AT FRONT, KENYON PLAN

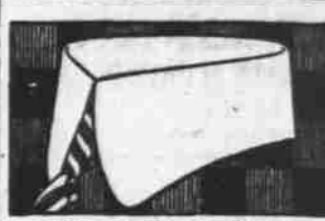

If a plan advocated by Senator Kenyon of Iowa is carried out the District of Columbia and each State of the Union will be represented on a commission or board which will establish headquarters in France, and will keep in close touch with the American troops from the commissioner's State.

That such a plan would be useful for the troops and for their relatives and friends is the belief of the Iowa Senator. Moreover, the commission would be valuable to the Government because it would at all times have a close view of conditions in the

trenches. Senator Kenyon talked the plan over with a number of leading Frenchmen. They approved it. He will advocate it in the Senate and may take it up with the President and the Secretary of War.

PORTUGUESE LEADERS
TO KEEP PACT WITH ALLIES

LISBON, Dec. 14.—Leaders in the recent revolution, which brought about a change in the government of Portugal, are today preparing to enforce a decree directing that President Machado be exiled at least for the period for which he was elected. They have pledged to live up to all pledges made to the allies.
